ALUMINIUM
CLOSURES

WHO WE ARE - AT A GLANCE
**ACG = ALUMINIUM CLOSURES
GROUP**

WHAT WE DO

- › Operating in four markets: wine / spirits / water / oil & vinegar
- › Promoting - aluminium closures as modern way of closing bottles with positive effects on taste and sustainability

- › Creating - relationships with sister associations around the globe
- › Market research - sets benchmarks for the promotion and development of market sectors
- › Sustainability - educating on aluminium as modern material, fit for the circular economy

WHY ALUMINIUM CLOSURES

- › consistent quality and taste of the bottled products
- › very convenient to use
- › reliable and secure closing of bottles
- › great branding and design options for a wide range of sizes
- › sustainable and recyclable solution - aluminium can be recycled indefinitely

Aluminium Closures are a success story across all applications
